

MAHMOUD E-NABOWY

Frontend Engineer

01125480514 · nabowy.work@gmail.com ·

Shoubra St., Egypt Cairo, ST 3753450

SUMMARY

Results-driven and seasoned front-end developer with a fervor for crafting visually striking and user-centric web applications. Proficient in Javascript, HTML, CSS, and React framework, with a focus on optimizing load times and ensuring responsive designs. Additionally, I am ranked second in problem-solving on Codewars, showcasing my dedication to continuous learning and honing my coding skills. Demonstrated success in collaborating seamlessly with cross-functional teams, showcasing effective communication and teamwork. Excited to contribute my skills and experience to a front-end developer role, bringing a track record of delivering high-quality and engaging user experiences.

STRENGTHS AND EXPERTISE

Technical Expertise

Proficient in HTML, CSS, JavaScript, React.js, Redux/Redux Toolkit, TailwindCSS, Bootstrap, TypeScript, REST APIs, and UI libraries like MUI, Material Design for React, PrimeReact. Strong problem-solving skills honed through platforms like Codewars.

Collaborative & Results-Driven

Proven ability to collaborate effectively with cross-functional teams, delivering high-quality, user-centric web applications with a focus on clear communication (written & verbal), optimizing load times, and ensuring responsive designs.

PROFESSIONAL EXPERIENCE

ChaaraApp Frontend Engineer

October 2021 - Present

Spearheaded the successful development and implementation of innovative user interface designs for over 7 major projects at Chaara Company, resulting in a significant enhancement of overall user experience and satisfaction.

Accomplishments:

- Led the design, development, and implementation of innovative user interfaces for 7 major projects.
- Improved overall user experience and satisfaction through UI design.
- Played a senior role in leading cross-functional teams.
- Fostered collaboration between design, backend development, and QA teams.
- Ensured seamless integration of frontend components with backend systems.
- Implemented cutting-edge technologies and best practices to optimize website performance, resulting in a 20% reduction in page load times. Improved overall site responsiveness.
- Improved overall site responsiveness.
- Demonstrated exceptional problem-solving skills by identifying and resolving
- Actively participated in the code review process, providing constructive feedback to team members.
- Mentored junior developers, resulting in the continuous improvement of code quality and adherence to coding standards.
- Successfully integrated responsive design principles.
- Increased mobile user engagement by 25% through a consistent and visually appealing user interface across various devices and screen sizes.

Tuwaiq
Frontend Engineer

January 2024 - Present

Accomplishments:

- Led the design, development, and implementation of innovative user interfaces for 7 major projects.
- Improved overall user experience and satisfaction through UI design.
- Played a senior role in leading cross-functional teams.
- Fostered collaboration between design, backend development, and QA teams.

Salla
Frontend Engineer (Freelance)

June 2023 - February 2024

Accomplishments:

- Developed and implemented two custom e-commerce themes for Salla clients, ensuring a user-friendly and visually appealing shopping experience.
- Leveraged HTML, CSS, and JavaScript to build responsive e-commerce applications for Salla, optimizing for seamless functionality across various devices.
- Completed freelance projects for Salla within budget and deadline constraints, demonstrating strong project management and communication skills.

Freelance
Frontend Engineer (Freelance)

March 2020 - Present

Accomplishments:

- Accomplished frontend developer with a proven track record in successfully delivering numerous projects using cutting-edge technologies such as React, Tailwind CSS, and JavaScript. Demonstrated expertise in seamlessly integrating frontend solutions with backend systems.
- Collaborated closely with clients to grasp their requirements, ensuring the delivery of tailored solutions that meet and exceed expectations. Notable projects include creating and maintaining the website ingzli.com, designing and developing the interactive dashboard for dashboard.com, and crafting and managing the personal portfolio web.nabowy.online.
- Adept in UI/UX design principles and committed to meeting web accessibility standards, I bring a keen attention to detail and consistently deliver high-quality work even under tight deadlines.

E D U C A T I O N

Master's Degree
American University in Cairo (AUC)

2023 - Present

CS Engineering, Master's Degree American University in Cairo (AUC) 2023 - Present Majoring in Computer Science, I am currently pursuing my Master's degree at the American University in Cairo (AUC). I have been gaining a strong foundation in programming concepts and algorithms, as well as extensive experience with various programming languages such as JavaScript.

Bachelor's Degree
University of Sadat City

2019 - Present

Bachelor of Science in Computer Science Engineering University of Sadat City Graduated in 2023 with a general appreciation rating of "Very Good."

SKILLS

- Javascript React
- Rest api
- Data Structure
- Algorithms
- Typescript
- Redux / Redux toolkit
- Canvas
- Tailwindcss
- Bootstrap
- CSS
- HTML

LANGUAGES

- English Intermediate
- Arabic Native

CERTIFICATES

- University of Sadat City
- Javascript Certificate
- Algorithms and Data Structure

Best Regards,
Mahmoud Ebrahim Nabowy
